Cleveland, OH – The Great Lakes Recreational Vehicle Association's Ohio RV Supershow is America's largest indoor recreational vehicle show. This year's show will celebrate 34 years of showcasing the newest RVs all under one roof. Check out 600 of the newest RVs including tent campers, travel trailers, fifth wheels and motor homes – including Brian Brawdy and The Green RV. The show will be held **January 6-10, 2010** at the I-X Center.

NEW this year is Brian Brawdy and The Green RV and Seminars including: Today's Explorer

Today's Explorers are RVers. The nomadic passion for exploration is alive and well today in the modern RVer. If it's new to you it's an adventure. Learn how to tap into the very energies that motivate us all "*Bring the far away to your own front door*". During the '*Today's Explorer*' seminar, Brian will highlight experiences from his 2008 Wonder Explore Believe Tour that took him to 48 states in 11 months and discuss Brian's theory of why he believes RVers are modern-day Explorers.

Conservation through Exploration

RVers are truly stewards of our environment. Like few other groups, RVers work to preserve the very wild places they so passionately explore. During the Conservation through Exploration Seminar Brian highlights some of the lessons learned piloting the Green RV and how we can continue to work together to make a powerful impact on our planet.
